## Welcome to Okinawa Christian School International!

Dear Parents and Students,

Welcome to another fun filled year at OCSI! Thank you for taking the time to read this handbook. Our school's goal is to ensure that your family's time at OCSI will be a memorable and positive experience. We want your family to build lasting memories of encouragement in your child's spiritual, intellectual, emotional, social, and physical growth.

Here at OCSI, we are very blessed to have a loving community with parents who are willing to get involved in their children's education. I often have parents ask me how they can help their children become more successful and what they can do to help prepare for the new school year. To answer these questions, I would like to offer the following suggestions:

- Take the time to introduce yourself to your child's teachers at Back to School.
- Hold high expectations for your child's achievement.
- Be an "encourager" and tell your child that he or she can succeed.
- Be Positive! Praise your child when they do well and work hard.
- Give your child unconditional love. A child needs to know that he or she is loved when they try new and sometimes difficult activities. This encourages them to take the risk of making mistakes.
- Set aside time each night to read to and with your child.
- Talk with and listen to your child about what they are learning at school.
- Talk with your child's teachers when you have questions or concerns.
- Review what your child brings home from school and check over their homework.
- Discuss ways in which your child would like you to help bring about improvement.
- Be aware of what is taking place at school by reading this handbook, Jupiter emails, information sent home with your child, and by checking the school website.
- Attend school functions with your child. By doing this, you show your child that you support him or her, and his or her education is important to you.

Warm Regards,

Megan Roe  
Head of School

# PHILOSOPHY STATEMENT

---

The **purpose** of Christian education is equipping students to walk with Jesus and impact the world for Him.

**Parents** are responsible for their children's education. Okinawa Christian School International partners with parents by providing Christian education.

**Students** are our future. They are full of potential, are responsible for their learning, and are responsible for using it to serve God and others. We value student diversity seen in learning styles, abilities, and cultural backgrounds.

**Staff** (the living curriculum) model Biblical thinking and living, build Christ-centered community, focus on OCSI's mission, empower others, use best practice, grow professionally, and are qualified and committed to carry out the mission, vision, and philosophy.

Our **program** addresses the whole person, is communicated in English, and uses an American-style approach. It is Biblically based, recognizes all truth is God's truth, emphasizes sharing the Gospel and discipleship, and encourages Biblical thinking and living.

# MISSION, VISION, & EXPECTED STUDENT OUTCOMES

---

## MISSION

Equipping students to walk with Jesus and impact the world for Him.

## VISION

A Christ-centered learning community that equips students to follow Jesus, pursue excellence, and serve others.

## EXPECTED STUDENT OUTCOMES

OCSI learners will ***Excel in Academics*** and ***Grow as Learners*** so they will be ***Equipped to Serve***.

- **Excel in Academics**
  - Understand Bible history, Biblical principles, and a Christian worldview.
  - Understand how language works and develop effective communication skills.
  - Understand the connections between numbers, operations, and patterns.
  - Understand the process of scientific inquiry and examine claims before drawing conclusions.
  - Understand the interactions of societies, environments, individuals, and institutions.
- **Grow as Learners**
  - Think critically and Biblically to analyze, synthesize, and evaluate course content.
  - Collaborate in groups to solve problems and help each other learn.
  - Use digital tools appropriately to create ideas and solutions to real world problems.
- **Equipped to Serve**
  - Build Christ-centered community through honest and kind collaboration.
  - Value and maintain physical, social, emotional, moral, and spiritual health.
  - Demonstrate Christ-like character by being kind, respectful, self-controlled, and hardworking.
  - Develop a global mindset, respecting others as God's image bearers.

# STATEMENT OF FAITH

---

- The inerrancy of the Holy Scriptures as originally given; their plenary inspiration by God, and their supreme authority as the only rule of faith and practice.
- The Trinity of the Godhead—Father, Son, and Holy Spirit, who are the same in substance, equal in power, and glory.
- The essential, absolute, and eternal deity of the Lord Jesus Christ, His real but sinless humanity, His substitutionary and atoning death as the all-sufficient sacrifice for sin. His resurrection from the dead on the third day in that very body that had lain in the tomb, His ascension into heaven as the only Mediator between God and man, and His visible personal return in power and glory.
- The personality and deity of the Holy Spirit by Whom the believer is regenerated and sanctified through the Word of Truth.
- The lost estate of man through the Fall and his salvation solely by grace through faith in Jesus Christ, whose righteousness imputed to him is the only ground of his acceptance before God.
- The resurrection of the body, the judgment of the world by our Lord Jesus Christ, the everlasting and conscious punishment of the lost.
- The spiritual unity of all who truly believe in the Lord Jesus Christ and their duty to maintain in all their relationships a standard of life and doctrine that is in conformity with the teaching of God's Word.

# ACADEMICS

---

## Achievement Testing

All students in grades K-2 take the Developmental Reading Assessment (DRA) three times a year (fall, winter, spring). All students in grades 3-11 will take the Measures of Academic Progress (MAP) test in the fall and spring. All 9th graders will take the PSAT 9 in October. The PSAT 9 will give parents, teachers, and students a foundation for understanding the students' progress as they enter high school. All 10th and 11th graders will take the PSAT/NMSQT in October. This test is an opportunity for students to practice for the SAT and will allow for monitoring of the student's academic progress. In addition, students in Grades 11 and 12 should register and pay to take the SAT and ACT tests on their specified dates. SAT and PSAT assessments are administered digitally.

## Advanced Placement Philosophy

The Advanced Placement (AP) Program is a cooperative educational endeavor between secondary schools and colleges and universities. It gives high school students exposure to college level material through involvement in an AP course, and then gives them an opportunity to show what they have learned by taking an AP Exam. Colleges and universities *may* grant credit for these subjects.

OCSI supports the College Board's commitment to the principle that all students who are willing to accept the challenge of rigorous coursework provided through a college-level curriculum deserve an opportunity to participate in AP courses, depending on availability of space. Prerequisite courses must be completed, when applicable.

- Art History- 10th-12th grade; *no prerequisite course required*
- Computer Science Principles- 10th-12th grade; *Algebra 1* course required
- Japanese- 10th-12th grade; *Japanese level 103 or higher*
- English Language & Composition- 11th grade; *no prerequisite course required*
- US History - 11th Grade; *no prerequisite course required*
- Biology - 11th-12th grade. *Biology* and *Chemistry* courses required
- Statistics- 11th- 12th grade; *B+ or higher in Algebra 2*
- Calculus AB- 12th grade; *Algebra 2 & Pre-Calculus* courses required
- Comparative Government - 12th Grade (.5 cr); *no prerequisite course required*
- English Literature & Composition- 12th grade; *no prerequisite course required*

Students interested in enrolling in an AP course at OCSI should consider the financial costs, as well as the time commitment for extra study and outside reading. AP courses are typically yearlong courses (2 semesters) that prepare students to take the AP exam.

Students who take AP Classes are expected to take AP exams. (Note: Some colleges and universities will not accept AP credit unless an AP Exam grade is also presented for that course.)

- Students wishing to take an AP exam, must be enrolled in the related AP course offered at OCSI for the full year and the exam must be taken in the same year as the AP course.
- OCSI students wishing to take more than 3 AP courses must receive approval from the AP Coordinator and Secondary Principal.

## Dropping or Adding Classes, Secondary

High School students may drop or add a class during the first 10 days (first 20 days for Honors/AP courses). The student's grade will transfer to the new course when the transfer takes place.

## Homework

Homework is designed to reinforce classroom learning and is an opportunity for parents to learn alongside their children. General guidelines for homework times are as follows:

- 1st grade- 10 minutes
- 2nd grade- 20 minutes
- 3rd grade- 30 minutes
- 4th grade- 40 minutes
- 5th grade- 50 minutes
- Middle School- 60-90 minutes
- High School- 90-120 minutes (May need more for AP courses)

## Grading Policy

**Elementary standards** will be assessed and reported in Jupiter using a 4 to 1 scale for Kindergarten to 5th grade. K-2 is graded on Reading, Math, Writing, and Bible. 3-5th is graded on Reading, Math, Writing, Bible, Science, and Social Studies. Grades and assignments will be recorded in Jupiter for parents to view. Minor grades such as worksheets, weekly spelling tests, weekly assignments will be inputted the following week. Major grades such as unit tests and projects will be inputted at the end of the unit or at the end of the quarter. The grading for Japanese class (Grades 2-5) will also follow the 4 to 1 scale.

- 4: Exceeds grade level standard
- 3: Achieves grade level standard (AT GRADE LEVEL)
- 2: Progressing to grade level standard
- 1: In need of support

<b>4</b>	<b>3</b>	<b>2</b>	<b>1</b>
<b>EXCEEDS THE STANDARD</b>	<b>ACHIEVES THE STANDARD</b>	<b>PROGRESSING TO THE STANDARD</b>	<b>IN NEED OF SUPPORT</b>
Demonstrates a level of excellence that goes beyond the grade-level expectations.	Demonstrates a competence that is the same as the grade-level expectations.	Demonstrates progress toward the grade-level expectations, but needs support.	Not yet demonstrating adequate growth toward grade-level proficiency.

\*Specials classes K-5th graders are graded on classes including Music, Art (excluding Kindergarten), and PE. Specials Classes as well as the Habits (kind, respectful, hard-working, self-controlled) will be graded on a 3 to 1 scale.

- 3: Achieves grade level standard (AT GRADE LEVEL)
- 2: Progressing to grade level standard
- 1: In need of support

**Secondary assignments and grades** will be recorded in Jupiter for students and parents to view by the following week.

- Grade Weights for Courses  
60% Major Assignments                      40% Minor Assignments
- Grade Weights for AP/Honors Courses  
70% Major Assignments                      30% Minor Assignments
- Semester Exams count as 10% of the semester grade.
- No single assignment shall be more than 20% of the overall quarter grade.

### **Late Work**

- Unless otherwise noted (on syllabus), work turned in late will receive a 10% penalty for each day. After five days, the assignment may receive a “0.” It is the student's responsibility to speak with the teacher regarding any work that was missed due to an absence. Students will have equal time to days absent from class to complete all missed assignments.

**Secondary grading scale is as follows:**

### Japanese Language Class

Elementary students begin studying Japanese in second grade and they are placed in one of three levels during second-fifth grades (Beginner, Intermediate, Advanced). Middle school students have Japanese language class every day and there are 7 levels. High school students have 7 courses of varying levels to choose from. Elementary and middle school students assigned to either Literacy Support or Resource class will not participate in Japanese language class.

### Language Use in School

Okinawa Christian School International is a primarily English speaking school that encourages students to be multilingual. We value the diverse cultures and languages of our student body, while understanding the importance of focusing on English as our common school language. Because we are a community, other languages should never be used for the purpose of exclusion from conversation, whether toward adults or students. **Therefore, students at OCSI should normally speak only English while in the regular classroom and during the school day.** We desire to see our students become proficient in reading, writing, and speaking English while at OCSI.

### Physical Education Uniforms

Students from 6th -12th grades must wear a PE uniform to every PE class; PE uniforms are optional but strongly recommended for students in grades 4-5. All students are also required to have PE shoes that are appropriate for the gym floor. New PE uniforms may be purchased from the school office.

## Plagiarism

Academic integrity is an essential element to the OCSI academic program. Cheating, dishonesty, and plagiarism will not be tolerated. See the addendum for what constitutes plagiarism. The use of AI generated work, such as ChapGPT, is not allowed in most cases and will only be permitted under certain circumstances and with permission from your teacher before use.

See the Plagiarism Policy in the addendum for more details about plagiarism and how to avoid it.

## Promotion and Retention Guidelines

**Elementary:** The process of determining whether a student is promoted to the next grade level is based primarily on observations and assessments made by the classroom teachers. Those assessments may include, but not be limited to, the following:

- Proficiency with the English Language that can be demonstrated both orally and in written form; results of reading diagnostics and standardized testing.
- Competence with grade appropriate skills.
- Content knowledge
- Proper development of social skills needed to maintain peer relationships
- Age appropriate work habits that support independent learning
- At the discretion of a school administrator, students whose assessments show an English language deficiency of more than one year may not be allowed to continue enrollment at OCSI.

Retention may be recommended in cases where the classroom teacher believes it best to give a student additional instruction and/or time to develop the skills needed to be successful at the next grade. This recommendation, made following consultations with both the parents and appropriate school administrator, is made based on the same factors used for promotion. No student will be allowed to repeat a grade more than once.

**Middle School:** Middle school students who fail to earn at least 60% for the year in a core subject (math, science, english, social studies) may be required to complete remedial work during the summer in order to advance to the next grade (for an additional fee). If a student does not complete the assignments satisfactorily he or she will be required to repeat the grade. Students failing more than one core subject class are required to repeat the grade.

**High School:** High school students who fail to earn at least 60% for the year in a required course may be required to complete remedial work during the summer (for an additional fee). If a student does not complete the assignments satisfactorily he or she will be required to repeat the course.

## Report Cards

Report cards are issued at the end of each quarter. All report cards will be emailed out via Jupiter, except for the Elementary Final Report Card. Official copies of student records may be requested at the front office for a fee.

## Scheduling, High School

Students will complete course requests for the next school year during the 2nd semester of the current school year. Decisions on whether courses will be offered will depend on student enrollment and teacher staffing.

### **Sevenstar Courses**

OCSI has a partnership with Sevenstar Academy, a Christian education source for online courses. For an additional fee, students may be eligible to receive high school credit through online classes. For more information regarding the courses available and student eligibility, please see the Secondary Principal.

### **Transcripts and Student Records**

- Student records for transfer purposes may be requested in the front office for a fee.
- Current High school students may request transcripts at the front office.
- Alumni may make requests for transcripts through Parchment. The “Records Request” link can be found on the OCSI website.
- No student records (transcripts, high school diplomas, or report cards) will be released if a family has any outstanding tuition, fees, or bills.

# ADMISSIONS & ATTENDANCE

---

## Attendance, Absences

When students are absent, parents are responsible for the following:

1. The parent or guardian should use the notifications form on the OCSI website to inform the school and explain the absence or tardy.
2. If a student has a pattern of absences/tardies, a parent conference may be necessary. If there are more than seven absences in a quarter, secondary students may lose credit. If there are ongoing medical concerns with your child, please obtain a doctor's note. Absences will be recorded daily in each class/period by the teachers.
3. If a student is being picked up early, parents must fill out the notification form and go to the office to check the student out. Students will not be called from class until the parent arrives in the office. (Please allow about 10 minutes for the student to arrive in the office.)
4. Students are not allowed to participate in after school activities (clubs, sports, after school care, etc.) if they are out that day.
5. Secondary Students: It is the student's responsibility to speak with the teacher regarding any work that was missed due to an absence. Students will have equal time to days absent from class to complete all missed assignments.
6. Extended (Pre-Planned) Absences: Please fill out the "Notification form" as soon as possible for any extended absences and contact the teacher to request work.

### Elementary Absent Half Day:

Elementary students leaving before 11:00 am or arriving at school after 11:00 am will be marked as Absent Half Day.

## Attendance, Tardiness

### Elementary:

Any elementary student arriving late to school must report to the front office to check in and receive a late arrival slip.

### Secondary:

Any secondary student arriving late to school must report to the front office to check in and receive a late arrival slip. Repeated tardies for secondary students will result in the following consequences, by quarter:

- Being tardy 1-20 minutes = tardy for that class
- Being tardy 20 minutes or more = absence for that class
- 3 tardies = counts as an absence for that class
- More than 7 absences (including excessive tardies) in a quarter may result in failure for that class.

## Non-Discrimination Policy

Okinawa Christian School International does not discriminate against students and parents on the basis of race, biological gender, national or ethnic origin, religion, color, age, or disability in the administration of policy and program.

# EXPECTATIONS & GUIDELINES

---

## Behavior Management, Elementary

The goal of behavior management is to create a safe and productive environment in which all students are expected to behave responsibly and to be actively engaged and highly motivated.

Each classroom teacher will teach students what constitutes responsible behavior in classrooms and common areas (playground, halls, restrooms, cafeteria, chapel, buses, etc) and during extra-curricular activities. Teachers will go over the rules and expectations in the first week of school and each teacher will have a classroom management plan.

### OCSI Behavior Expectations:

At OCSI we are....

- Kind
- Respectful
- Hardworking
- Self-Controlled

The following expectations are posted throughout the school and guide students to think through appropriate behavior. Teachers will be proactive, positive, and instructional when guiding students to the appropriate behavior.

Disciplinary issues that arise in the OCSI Elementary will be handled in the following manner:

1. **Level 1 → Mild:** Minor misbehaviors that can be corrected at the time they occur and do not require documentation. The teacher follows their classroom management plan. Examples include talking out, running in halls/classrooms, distracting other students, hands and feet on another student, etc.
2. **Level 2 → Moderate:** Misbehaviors that do not require immediate principal involvement, but do require documentation. Examples include disrespect and talking back to a teacher, defiance, verbal aggression, stealing, etc.
  - 1st Offense → Teacher logs the behavior in Jupiter (no parent alert) and teacher follows their classroom management plan.
  - 2nd Offense → Teacher logs the behavior in Jupiter and parents are alerted
  - 3rd Offense → Teacher logs the behavior in Jupiter and principal and parents are alerted
  - 4th Offense → Principal plans a meeting with the parents and creates a behavior plan
3. **Level 3 → Severe:** Serious misbehavior that requires immediate principal involvement and written documentation. Parents will be contacted immediately and necessary consequences are given. Examples include bullying, severe physical aggression, repetitive class disruption, etc

\*The Principal may elect to bypass any of these steps depending on the severity of the behavior.

### Consequences and Restorative Justice

Teachers are encouraged to use natural consequences for misbehavior as much as possible (example: student draws on the desk → student should take recess time to erase the desk). Teachers may also use time-off at recess in an age appropriate manner, though fully knowing that all students need their recess time for their mental and emotional wellbeing.

When a student acts out and misbehaves, relationships between students or relationships between teachers and students are broken. At the end of the day, the goal of behavior management is to restore relationships and repair the harm that has been done. In some cases, students may be referred to the chaplain or school counselor for continued monitoring.

### **Bullying**

Bullying is defined as aggressive behavior in which someone intentionally and repeatedly causes another person injury or discomfort OCSI by force, coercion, hurtful teasing or threat or aggressively dominate or intimidate. OCSI does not tolerate bullying at OCSI and will swiftly act to investigate. Students who have been found to bully are subject to disciplinary action up to and including expulsion.

## **Behavior Management, Secondary**

Administration has the discretion to adjust consequences to address severity of actions and to place offenses under the most appropriate category for the actions.

Discipline at Okinawa Christian School International may be handled in the following manner:

### **I. Minor Offenses**

Excessive minor offenses will result in lunch detention at teacher's discretion

- 1st Offense: Warning in Jupiter (no parent alert)
- 2nd Offense: Warning in Jupiter (with parent alert)
- 3rd Offense: Lunch detention
- 4th Offense: Referred to principal

\*Accumulation of minor offenses may result in a referral to administration

### **II. Major Offenses**

Major offenses will be referred immediately to administration and may result in an after school detention, in school suspension, out of school suspension, or expulsion.

## **Dismissal Guidelines, Elementary**

To ensure the security of its students, OCSI has implemented procedures that do not allow elementary students to leave campus with any person other than a parent, guardian, or a person authorized by the custodial parent or guardian. The following procedures are used to record and monitor student departures that occur *prior to the end of the school day or when someone other than a parent will be picking them up*.

1. Parents and/or guardians are advised to provide notification to the classroom teacher and the office by filling out the notification form whenever students need to leave campus before the end of the school day providing: 1) what time the student is expected to leave, 2) reason for the departure 3) the name of the person authorized to pick up the student, if other than the parent or guardian.
2. The parent, guardian, or person authorized to pick up the student before the end of the day should report to the OCSI front office to pick up the student. While waiting for the student to arrive, the parent needs to fill out the notification form if they haven't filled it out beforehand.
3. All adults, including parents, MAY be asked to present some form of photographic identification by the OCSI office staff when asking to take an elementary student from school grounds.

4. All PreK-5 Elementary students will be dismissed to the delta area. PreK-3rd grade students must wait in the delta area for a parent to either walk to the gate or be called into their car. 4th and 5th grade students may proceed straight to pick up and collect any K-2 siblings. Elementary students and parents must communicate with their classroom teachers for any exception to this.

### **Dress Code for 2023-2024**

Items turned in to the office and not claimed may be disposed of after one week. Be careful about bringing valuable things to school. The responsibility for such items belongs to the owner. Students are reminded to take care of things that belong to them. OCSI will not be held responsible for items that are lost. Non-valuable lost and found items will be stored in designated areas on campus.

The use of profane language also includes any printed messages found on clothing. There are other words and phrases which by tone or manner of use are considered harmful and as such fall under this policy. Students are encouraged to only use language that is helpful, kind, and uplifting.

## **School Hours and Expectations**

Normally classes begin at 8:25 a.m. and end at 3:00 p.m. Students will not be supervised before 8:00 a.m. or after 3:15 p.m., and **school insurance does not apply when supervision is not provided**. Consequently, parents are to arrange to have their children arrive on campus no earlier than 8:00 a.m. and leave the campus by **3:15 p.m.**

- **Children must be picked up by 3:15 if they do not ride the bus.** Parents are expected to make transportation arrangements to meet this requirement. Please follow the pick up procedures for students. **Children will be released only to the legal guardian, or approved person, unless the office and/or classroom provides written notification to release a student to someone else. Call the office if you need to make other arrangements.**
- Please follow the pick up procedures for students.
  - Children are not allowed to play on the school playgrounds after school hours.
  - If secondary students are waiting for a parent they should wait along the tree line.
  - If elementary students are waiting for a parent they should come to the office.
  - If siblings are in a club, parents can wait with the other child in the cathedral.
- **Students not involved in a club or sport must leave campus by 3:15 pm.**

### **Textbooks**

OCSI provides either physical or digital textbooks for most classes and students are responsible for taking good care of books. Students will have to return their textbooks at the end of the year and will have to pay for books that are lost, damaged, or show the results of careless handling.

### **Transportation on Campus**

**Bicycles:** All bicycles should be parked and stored neatly on the bike racks in the parking lot. Elementary students under 4th grade must receive permission from the elementary principal to ride a bicycle to school.

**Vehicles/Student Drivers:** Students with a car or motorcycle must register it in the office during the first week in which the student plans to drive the vehicle on campus. Non-registered vehicles may be towed away to the police station at the owner's expense. Students are to park their vehicle only in the designated parking areas. Keep in mind that it is a privilege to bring a vehicle on campus. Any violation of Japanese driving laws or of school rules may result in immediate, temporary, or permanent suspension of vehicle use on campus.

#### **OCSI rules for vehicle use are:**

1. Drive slowly and carefully while on campus.
2. The student is fully responsible for the use of the vehicle.
3. No other person may operate the vehicle at any time without written permission from both students' parents and proof of a driver's license being registered in the office.
4. The vehicle is solely for transportation purposes and should be occupied only when coming to or leaving school. Students are not to go to their car during the day.
5. No racing, stunt driving, or any other improper driving activity is permitted anywhere on campus.
6. Motorcycles may not have passengers.

### **Visitor Policy**

Parents are always welcome to visit the campus and should comply with the OCSI Campus Positive Engagement Expectations for parents. Please notify the teacher in advance of any planned visit in order

to coordinate appropriately with the classroom schedule. Should parents wish to conference with the classroom teacher, conferences can be scheduled accordingly. Parents need to wear their official OCSI badges while on campus; if you have forgotten your badge, please stop by the office to receive a visitor's badge. Visitors are always asked to sign in at the front desk and receive a visitor's identification badge immediately after arriving on campus as this helps to ensure the safety of our students and staff.

All visitors must report to the office and have the permission of the principal to be on school grounds. They must sign in and receive a visitor's tag. By special permission from the principal, alumni may visit during lunch or after school only.

## **Volunteer Policy**

### **Qualifications:**

- Long-term volunteers are defined as volunteers who regularly work with OCSI students or have extended contact time without an OCSI employee present; long-term volunteers must submit a volunteer application and sign the code of conduct.
- Parent/guardian volunteers may serve as short-term volunteers for learning trips without going through the application process, provided they comply with expectations of the volunteer opportunity.
  - All school rules apply on learning trips. Chaperones are expected to follow the directions given by the supervising staff member, work cooperatively with other staff and volunteers, and model appropriate behaviors for students.
  - Students must be supervised at all times while on learning trips. As a chaperone, you will supervise a small group of students, helping them learn and making sure they behave appropriately. Students must stay with you, their chaperone, at all times. Account for all participants regularly and before changing activities. Be sure you know when and where to meet the rest of your group at the end of the visit.
  - For the protection of both the student and the chaperone, chaperones should not place themselves in situations in which they are alone with a student.
  - Be sure to know what to do in an emergency (medical emergency, natural emergency, lost child, serious breach of rules, etc.). Know who is first aid trained, where the first aid kit is, where the cell phone is kept, and who has the copies of parental permission slips with emergency phone numbers and medical information.

## **Withdrawal**

A 30 day notification should be provided to the OCSI office before withdrawing a student from school. School records will be held until all financial responsibilities have been met.

Secondary students withdrawing before the end of the semester may be granted academic credit providing that the withdrawal date is no earlier than 2 weeks before the end of the semester. This permission is only granted in extreme circumstances (i.e PCS orders). Students who must withdraw more than 2 weeks before the end of the semester will receive a withdrawal grade, not a final grade or credit.

# HOME/SCHOOL COMMUNICATION

---

## Conferences, Parent-Teacher and Student-Led Conferences

OCSI schedules two formal academic conferences between parents, students, and teachers. In early November, parents and teachers meet for a traditional parent/teacher conference. Secondary students are expected to attend with their parent. The focus of the conference is on solidifying clear communication as to how the parents and teachers can work together to student the student's growth and progress at the start of the school year.

During the second conference of the year, held in mid-March, secondary teachers will hold a second formal conference. Elementary teachers will hold student-led conferences. During the conference, students will be sharing examples of their classwork and share their progress.

## Jupiter

OCSI utilizes the Jupiter student information system for most parent communication. Please check your email regularly for Jupiter emails from the school and teachers. If your email address changes, please inform the office of the new email address as soon as possible so you continue to receive Jupiter emails.

## Student Information and Photos

**Student information, including photos, will be used to provide an educational program and ensure a safe and secure school environment.**

OCSI believes the practices listed below are part of a vital, healthy, and functioning school and participation of all students is important and encouraged:

1. Use of student names, photos, and comments for in-house publication.
2. Use of student photos for external publication on official OCSI platforms such as the OCSI website, OCSI Connections, and social media.
  - a. Families who wish to opt out of this must do so by written request to [info@ocsi.org](mailto:info@ocsi.org).
  - b. Names of students will not be posted on the OCSI website or in promotional materials without the consent of the parents.
  - c. Under no circumstances will the address, phone numbers, or contact information of students or families be posted publicly in any format.
3. Use of individual, class, team, or club photos and/or videos for school purposes.
4. Use of student names on artwork, other creative work, material of students displayed at school or at school-sponsored displays in the community.
5. Use of student names in honor rolls, graduation ceremonies, scholarships, or other awards.

Using student names and academic information necessary for determining eligibility or suitability for federal or other types of awards or scholarships in the event the school applies on a student's behalf.

# SPECIAL PROGRAMS/EVENTS

---

## After School Care Program, Elementary

As a service to working families, OCSI offers an after school care program from 3:00 - 6:00 PM. The After School Care Program is a child-supervision service only. It is open for students from PK to 5th grade. Parents must provide transportation home. Applications are accepted on a first come, first serve basis. For more information regarding the fees, etc. please contact the front office or see the application and information available on the OCSI website.

## Camp, 4th-12th Grade

One of the highlights of the school year is camp. Students in grades 4-12 participate in this outdoor education experience. Camp is meant to provide students an opportunity to grow closer together as a group and as responsible learners in a structured environment. All students are expected to attend and students not attending will be marked absent.

## National Honor Society (NHS)

Students in 10<sup>th</sup>–12<sup>th</sup> grade are selected each spring. Selection is made by a faculty council and approved by the secondary principal. Selection is based on GPA of 3.5 or higher, scholarship, citizenship, service, leadership, character, and spiritual growth.

Middle school students may apply for the National Junior Honor Society (NJHS) each spring.

## Christian Activities

OCSI is a Christian school which believes that students need to grow spiritually as well as academically, socially, and physically. Our relationship to Jesus Christ should be integrated into every aspect of life. Some activities at the school, however, are more obviously geared to spiritual development than others. All students are expected to participate respectfully in the following:

1. **Bible classes:** All students are required to take Bible class as part of the required curriculum.
2. **Chapel:** Chapel services are conducted for each grade level once per week. Chapel may include such events as guest speakers, videos, class presentations, and special music.
3. **Service Opportunities:** OCSI endeavors to provide opportunities where students can serve. Students will be given the opportunity to have a meaningful educational experience outside the traditional walls of the classroom and to give back to the community by serving others.

## Trips (5th, 8th, 12th Grade)

Culminating grades take a trip near the end of the year. 5th Grade to Osaka, 8th Grade to Ishigaki, and 12th Grade to Taiwan or mainland Japan. The cost of this trip is usually about ¥70,000. This expense is NOT included in tuition; it is an additional cost. These trips normally take place in May.

## Communicable Disease and Concerns Prevention Policy

OCSI strives to prevent, control, and contain communicable diseases and concerns.

### Overview:

Okinawa Christian School International strives to promote mental, physical, and spiritual health from a Biblical perspective. In striving toward this goal, we strive to balance the needs of the individual with those of the community. One of our efforts to that end is the prevention, control, and containment of communicable diseases.

### Common Communicable Diseases and Concerns:

1. Diseases and concerns which are transmitted through casual contact or airborne route may include, but are not limited to:
  - a. Common childhood diseases, including chicken pox and lice
  - b. Conjunctivitis
  - c. Mononucleosis
  - d. Strep throat
  - e. Tuberculosis
2. **Exclusion From School:** A Leadership Team member may exclude students and staff from school who are suspected to have or are diagnosed with a communicable disease or concern, or whose exposure to a communicable disease or concern may threaten the well-being of that individual. The appropriate Leadership Team member/designee may request a physician's note indicating that the student or staff may return to school.
3. **School Closings for Communicable Disease Outbreaks:** The decision to close school due to communicable disease outbreaks will be made by the head of school in consultation with the Leadership Team.

### Serious Chronic or Communicable Diseases:

Serious infectious diseases transmitted by blood-borne pathogens through contact with bodily fluids include, but are not limited to, hepatitis viruses and HIV.

1. In the event a prospective student or employee has a serious chronic condition or any infectious communicable disease (HIV, hepatitis, TB, etc.), the following procedures will be followed:
  - a. **Interview:** Appropriate Leadership Team members will conduct an interview including, but not limited to, the student and parent or prospective employee and review with them a recent physician's report of the person's current health status. The report must have been written within three months. The physician may be contacted directly by the head of school, appropriate principal, or designated translator.

**b. Consultation Regarding Enrollment or Employment:**

- i. The head of school will consult with the appropriate principal to make a determination about enrollment based on the student's age, grade level, health status, and parent(s) and student's understanding and attitudes toward the disease, as well as the mode of transmission.
  - ii. In the case of a prospective employee, the head of school will consult with the Leadership Team and make a determination about employment, based on the person's age, health status, and understanding and attitudes toward the disease, as well as the mode of transmission.
2. **Change in Health Status:** If a student or employee who is currently at OCSI should later test positive for HIV, hepatitis viruses, etc., that person will be subject to the same procedure.

**OCSI Community:**

1. **Universal Precautions Procedures:** In addition to known carriers, the school recognizes the possibility that within the OCSI community there may also be those who are unknown carriers of a communicable disease; therefore, all school personnel shall practice procedures related to the prevention and containment of communicable diseases as described in the OCSI Universal Precautions Procedures. The emphasis of the Universal Precautions Procedures is on the protection of all persons rather than on the identification and discrimination of infected persons.
2. **Emergency Situations:** It is understood that in some emergency situations it may not be possible to apply universal precautions; however, emergency action should never be delayed, since the risk of transmission of blood-borne diseases is too small to justify endangering a child.

**Counseling, Personal**

Counselors are available to provide spiritual, emotional, and social guidance and support, and referrals when necessary, to all students. Counselors will maintain student confidentiality in accordance with our Child Protection Policy and Procedures.

**Drugs, Tobacco, Alcohol, Weapons**

**OCSI has a zero tolerance for any drug usage, drug involvement, alcohol and tobacco use, and the possession of weapons.**

A student is in violation of OCSI policy if he/she is involved with dangerous substances, inappropriate drug paraphernalia, controlled substances, regardless of location, including on his/her person; in his/her locker; in his/her vehicle; or among the student's other property, in any of the following ways:

1. Attempting to secure or purchase
2. Using or being under the influence
3. Possessing
4. Intending or attempting to sell or distribute
5. Selling or giving away
6. Being knowingly present when any of the above are used, possessed or consumed

When students are reasonably suspected of any of the above, the following will happen: The student will be identified and reported to the appropriate police agency in accordance with the law; the student's parent/guardian will be contacted; the student will receive the appropriate level of discipline determined by the administration.

## Health Records and Immunizations Policy

**Emergency information:** Parents/guardians of all students provide updated emergency information.

### Immunizations:

- Parents and guardians are encouraged to follow the immunization schedule of Japan and/or their country of citizenship.
- All new students are required to have the following immunizations (or provide proof indicating the dates they contracted the disease):

**Physical examination:** A physical examination by a doctor is required for all new students as part of the admissions process. An annual physical exam is required for secondary students participating in sports and all students entering either 5th or 9th grade.

## Health Services

Students who become sick, injured, or need some medical assistance while in school, must receive permission from their teacher to go to the main office. The school nurse or office staff will help, and will contact parents if necessary. Students should not leave school without first going to the school office. Parents need to be contacted before a student leaves the campus.

If an elementary student has prescribed medicine that needs to be taken during the school day, an Authorization for Dispensing Medicine form needs to be submitted to the classroom teacher with the medicine. The form can be found on the OCSI website or from the office. All students taking psychotropic prescription drugs or any prescription drug that could have possible side effects the school needs to be aware of should inform the school nurse.

All students should take their temperature in the morning before arriving at school. Students who show symptoms of illness (elevated temperature of 37.5 C or 99.5 F, uncontrolled coughing, coughing lasting longer than 5-7 days, rash, swelling, vomiting, or diarrhea) within 24 hours of a school day should not be sent to school. Students who contract a contagious illness (for example, conjunctivitis, chicken pox, impetigo, influenza, pneumonia, and measles) may be requested to provide written medical clearance from a doctor before returning to school.

## Typhoon (Tropical Cyclones) Policy

**Policy:** School is canceled for the day if American military installations are in typhoon condition 1, 1C, 1E, 1R, or SW (but for SW, only if preceded by 1, 1C, or 1E) at 5:00 a.m. The Leadership Team will determine if and when the school will close if we go into Condition 1 after 5:00 a.m. That decision will be based on the time of day, anticipated movements of the storm, safety concerns, and availability of transportation. School may also be canceled if prefectural schools are closed.

- Condition 4: Gusts of 50 knots possible within 72 hours.
- Condition 3: Gusts of 50 knots possible within 48 hours.
- Condition 2: Gusts of 50 knots possible within 24 hours.
- Condition 1 (Normal) Gusts of 50 knots expected within 12 hours.
- Condition 1C (Caution): Gusts of 35-49 knots or greater are being experienced.
- Condition 1E (Emergency): Winds of 50 knots or greater are being experienced.
- Condition 1R (Recovery): Clean up is beginning, only authorized personnel should be on campus during this time.
- Condition SW (Storm Watch): The winds are not forecast to exceed 50 knots. There is still a probability of high winds.

### Students, parents, guardians, and staff:

- If a typhoon appears to be headed toward Okinawa, check the weather report on the Kadena weather website. School will normally remain in sessions during conditions 4, 3, and 2, unless there is a specific announcement to the contrary.
- If school is canceled, then by 6:00 a.m.:
  - School cancellation will be posted on the home page of OCSI website.
  - A Jupiter email will be sent to students, parents, guardians, and staff.

- The principals, with the teacher's assistance, will make the final decision on whether the damage is caused by the student's negligence or not.

## 2. Taking Care of Your Chromebook

### 2.1. General Precautions and Care for the Chromebook

- Only use a clean, soft cloth to clean the screen; no cleansers of any type.
- Cords and cables must be inserted carefully to prevent damage.
- Chromebooks and cases must remain free of any writing, drawing, stickers, or labels that are not the property of OCSI.
- OCSI labels must remain in place and unaltered.
- Chromebooks must never be left in an unlocked locker, car, or any unsupervised area.
- Students are responsible for arriving at school with their battery fully charged each day.
- Chromebooks are very sensitive to extreme heat and cold; therefore, they should not be left in cars, direct sunlight, etc.

- Do not stack any books, heavy materials, etc. on top of the Chromebook as it could cause the device to break.
- Keep the Chromebook in the case when not in use.
- Chromebooks should be kept away from food and drinks to limit the possibility of damage.

## 2.2. Carrying Chromebooks

- Students Grade 6 above must provide a protective case to carry his or her chromebook.

# **OCSI Acceptable Technology Use Policy**

## **Introduction**

Okinawa Christian School International (OCSI) recognizes the need to regulate the acceptable use of technology to regulate the use of the Internet. OCSI recognizes that the Internet can be used to facilitate many educational activities and can enhance the educational experiences of staff and students.

## **Risk**

With this access comes the availability of material that may not be considered to be of educational value in the context of the school setting. Sites accessible via the Network/ Internet may contain material that is illegal, defamatory, inaccurate or controversial. Although the school will attempt to limit access to objectionable material, controlling all materials on the Network/Internet is impossible. On a global network, it is impossible to control all materials; an industrious user may discover controversial information.

## **User Responsibilities**

Network users are responsible for their actions when accessing the Internet. Users are expected to access resources which are consistent with the educational goals of OCSI. All users will be provided mandatory training and education on proper network conduct before being granted network access

## **Levels of Access/Teacher Supervision**

All students are expected to exercise responsible use of the network at all times. It is the intent of the school to have personnel present during the students' network use; however, due to the nature of their work, it may not always be possible to directly monitor their work. Filtering mechanisms will be used school wide. Sites being accessed by users may be monitored at any time. Access to the school's electronic communications system will be governed as follows:

1. With the approval of the immediate supervisor, School employees will be granted access to the system.
2. The School will require that all passwords be changed periodically at the discretion of the IT Department.
3. Any system user identified as a security risk or having violated School and/or campus computer-use guidelines may be denied access to the network. Acceptable Use Network/Internet access shall be used to improve learning and teaching consistent with the educational goals of OCSI. The school expects legal, ethical and acceptable use of the Network/Internet. Acceptable use will be defined by school policy and local campus administration guidelines.

## **Unacceptable Use**

Every OCSI user has the responsibility to respect and protect the rights of every user in our community and on the Internet in accordance with the laws of Japan and the United States and with rules and guidelines as set by school policy. All users should be aware that the unacceptable use of electronic information resources can be a violation of local and federal laws. Violations can lead to prosecution. Students are expected to use moral and ethical guidelines in making value decisions regarding network use. Using the network is a privilege, not a right, and the privilege may be revoked at any time for

unacceptable conduct. The principal will make the final determination as to what constitutes unacceptable conduct.

### **Individual User Responsibilities**

In accepting this agreement, students acknowledge the following rules and conditions: I will use computers in conformity with the laws of Japan. Violations include, but are not limited to the following:

- Criminal Acts – These include, but are not limited to, “hacking” or attempting to access computer systems without authorization, harassing email, cyberbullying, cyberstalking, child pornography, vandalism, and/or unauthorized tampering with computer systems.
- Libel Laws - Publicly defaming people through the published material on the internet, email, etc...
- Copyright Violations - Copying, selling or distributing copyrighted material without the express written permission of the author or publisher (users should assume that all materials available on the Internet are protected by copyright), engaging in plagiarism (using other's words or ideas as your own).

### **Network Etiquette and Appropriate Use Guidelines**

The use of the network is a privilege, not a right, and may be revoked if abused. The student is personally responsible for his/her actions when utilizing the school's computer resources. Despite our best efforts and beyond the limits of filtering technology, your child may run across areas of adult content and some material you might find objectionable. Network storage areas are the property of the school district. The Network Administrator may review any storage area of the school network, including individual devices on the network, to maintain system integrity and to ensure that students are using the system responsibly. Students are NOT permitted to download or install any software, shareware, or freeware onto the school's computers. Students are NOT permitted to copy others' work or intrude into others' files. Students are NOT permitted to transmit, retrieve or store materials that are discriminatory, harassing, obscene, pornographic, or inappropriate. Should students encounter such material by accident, they should report it to their teacher immediately. The use of district online systems for personal gain, political lobbying or any other purpose which is illegal or against district policy or contrary to the district's best interest is NOT permitted.

### **Student Agreement**

- I understand that I am only able to use school-issued devices on the OCSI network and I am not allowed to connect my personal device to the OCSI network.
- I understand that passwords are private. I will not allow others to use my account name and password, or try to use that of others.
- I understand that my school network and email accounts are owned by OCSI and are not private. OCSI has the right to access my information at any time.
- I will be polite and use appropriate language in my email messages, online postings, and other digital communications with others. I will refrain from using profanity, vulgarities or any other inappropriate language as determined by school administrators. I will use email and other means of communications responsibly. I will not use OCSI-issued devices to send or post hate or harassing mail, pornography, make discriminatory or derogatory remarks about others, or engage in bullying, harassment, or other antisocial behaviors either at school or at home.

- I understand that I represent the school in all my online activities. I understand that what I do on social media services, apps, and websites should not reflect negatively on my fellow students, teachers, or on the school. I understand that I will be held responsible for how I represent myself and my school, department or OCSI on the Internet. I understand that masquerading, spoofing, or pretending to be someone else is forbidden. This includes, but is not limited to, sending out email, creating accounts, or posting messages or other online content (e.g. text, images, audio or video) in someone else's name as a joke. I will use technology resources responsibly. I will not retrieve, save, or display hate-based, offensive or sexually explicit material using any of OCSI's computer resources. I am responsible for not pursuing material that could be considered offensive. I understand that I am to notify an adult immediately if by accident I encounter materials which violate appropriate use.
- I will use technology resources productively and responsibly for school-related purposes. I will avoid using any technology resource in such a way that would disrupt the activities of other users. I will refrain from attempting to bypass, or circumventing, security settings or Internet filters, or interfere with the operation of the network by installing illegal software, or web-based services and software not approved by the OCSI Administrators or Technology Department.
- I understand that vandalism is prohibited. This includes but is not limited to modifying or destroying equipment, programs, files, or settings on any computer or other technology resource.
- I will respect the intellectual property of other users and information providers. I will obey copyright guidelines. I will not plagiarize or use other's work without proper citation and permission. I will refrain from the use of or access of files, software, or other resources owned by others without the owner's permission.
- I will use only those school network directories that are designated for my use or for the purpose designated by my teacher. I will follow all guidelines set forth by the school and/or my teachers when publishing schoolwork online (e.g. to a website, blog, wiki, discussion board, podcasting or video server).
- I understand the Internet is a source for information that is both true and false; and that the school is not responsible for inaccurate information obtained from the Internet. I agree to abide by all Internet safety guidelines that are provided by the school and to complete all assignments related to Internet safety. I understand that school administrators will deem what conduct is inappropriate use if such conduct is not specified in this agreement.
- Any malicious attempt to harm or destroy OCSI equipment or materials, data of another user of the OCSI's system, or any of the agencies or other networks that are connected to the Internet is prohibited. Deliberate attempts to degrade or disrupt system performance may be viewed as violations of OCSI policy and administrative regulations and, possibly, as criminal activity under applicable federal laws. This includes, but is not limited to, the uploading or creating of computer viruses. Vandalism as defined above will result in the cancellation of system use privileges and will require restitution for costs associated with system restoration, hardware, or software costs. Forgery or attempted forgery of electronic mail messages is prohibited. Attempts to read, delete, copy, or modify the email of other system users or deliberate interference with the ability of other system users to send/receive electronic mail is prohibited.

### **Information Content/Third Party Supplied Information**

System users and parents of students with access to the School's system should be aware that use of the system may provide access to other electronic communications systems in the global electronic network that may contain inaccurate and/or objectionable material. A student knowingly bringing prohibited

materials into the school's electronic environment will be subject to a suspension and/or a revocation of privileges on the School's system and will be subject to disciplinary action.

### **Internet Safety Education**

The school will educate minors about appropriate online behavior. This includes the appropriate online behavior for interacting with other individuals on the OCSI network and the Internet as well as cyberbullying awareness and response.

### **Technology Protection Measure (Internet Filtering)**

The school has selected a technology protection measure (Internet filtering) for use with the school's Internet system. The filtering technology will always be configured to protect against access to material that is obscene, illegal (i.e. child pornography) and material that is harmful to minors. The school may, from time to time, reconfigure the filtering software to best meet the educational needs of the school and address the safety needs of the students. Filtering technology has been found to inappropriately block access to appropriate material. To ensure that the implementation of the technology protection measure is accomplished in a manner that retains school control over decision making regarding the appropriateness of material for students; does not unduly restrict the educational use of the district Internet system by teachers and students; and ensures the protection of students' right to access to information and ideas, authority will be granted to selected educators to temporarily or permanently unblock access to sites blocked by the filter.

## **OCSI Secondary Plagiarism and Cheating Policy**

**At Okinawa Christian School International, academic honesty is expected of all students. All OCSI students shall demonstrate honesty in all settings, during formal tests, exams and when completing all assignments.**

### **Definition:**

Plagiarism is the practice of taking credit for work which has already been published or evaluated or has been submitted for evaluation under someone else's name.

Cheating: Cheating is the act of obtaining or attempting to obtain credit for academic work by using dishonest means.

Plagiarism or cheating includes and is not limited to any or one of the following:

- Taking in part or as a whole, the work of another without giving credit to that person through the proper method of citation such as footnotes or endnotes.
- Taking/copying someone's assignment or a portion of that assignment and submitting it as one's own.
- Submitting papers/essays that were downloaded by the internet.
- Providing answers/work to another student whether it is believed it will be copied or not, with or without a grade.
- Copying, duplicating or cut/pasting of assignments that are turned in, wholly or in part, as original work.
- Using a computer/smart phone, calculator, search engine, foreign language translator or ANY other aid to acquire information during or on an exam/test (in or out of school) without the expressed permission of the teacher.
- The use of AI generated work, such as ChapGPT, is not allowed in most cases and will only be permitted under certain circumstances and with permission from your teacher before use.
- Giving or receiving answers for an exam, including allowing other students to look at your test paper. It is every student's responsibility to keep their test paper secure and to keep their eyes on their own paper.
- Taking credit for group work when the student has not contributed in an appropriate amount to the final result.
- Accessing tests or quizzes before the event to determine the questions in advance by word of mouth, the actual exam, or by sharing answers in any form; theft of or unauthorized access to an exam, quiz, test, or assignment.
- Using summaries/commentaries in lieu of reading the assigned materials.
- Submission of the false data or citations in a work.
- Sharing of access codes, logins access or passwords to computer instruction and exam sites.
- Using facts, data, or statistics not considered common knowledge without giving credit through the proper method of citation.
- Committing any act that would conclude, when informed of the evidence, to be a dishonest means of obtaining or attempting to obtain credit for academic work.

**Proof:**

Plagiarism or cheating shall be proven by any one of the following:

- The teacher matches a passage, theory, image, or model for which credit has not been given through proper citation, with its original source.
- The teacher discovers unexplained irregularities that result in reasonable doubt establishing through a comparison with other examples of the student's work.
- The teacher shows a pattern of errors or similarities in assignments submitted by at least two students.
- The student is unable to define passages, words, theories, or concepts or is unable to use them in proper context.
- Firsthand observation of the student engaging in cheating or plagiarism.
- An unusual or suspicious degree of similarity in work done by different students.
- Admission by the student that he/she has cheated or plagiarized to complete an assignment or exam.
- A demonstrably marked difference in the writing style or grades of the student, as compared to previous work or assignments

**Strategies for avoiding plagiarism for students:**

- Always write down the author, title and page number and publication information when taking research notes.
- Cite the reference as soon as you have mentioned the idea you are using, not just at the end of a paragraph.
- It is not necessary to cite anything that is common knowledge, which includes facts and ideas that can be found in a number of sources and have a good likelihood of being known by many people.
- Acknowledge or cite any facts that are not common knowledge or any ideas that interpret facts.
- If in doubt, cite your source. If unsure, ask the teacher.

**Consequences:**

As per the OCSI Progressive Discipline policy, plagiarism will be considered cheating and will be also considered a major violation of school rules.

*The administration reserves the right to make the final decision if work was likely plagiarized or not.*

## Learning Trip Volunteers Agreement

Parents and Guardians as chaperones are an integral part of school learning trips. Without you, it wouldn't be possible! To help ensure a safe and meaningful experience for students, please understand and be willing to comply with the following guidelines.

- All school rules apply on learning trips. Chaperones are expected to follow the directions given by the teachers, work cooperatively with other staff and volunteers, and model appropriate behaviors for students. As we represent our school off campus, it is important that we help our students to model decent and Christ-like behavior while off campus.
- Students must be supervised at all times while on learning trips. As a chaperone, you will supervise a small group of students, helping them learn and making sure they behave appropriately. Students must stay with you, their chaperone, at all times. Account for all participants regularly and before changing activities. Be sure you know when and where to meet the rest of your group at the end of the visit.
- For the protection of both the student and the chaperone, chaperones should not place themselves in situations in which they are alone with a student.
- Be sure to know what to do in an emergency (medical emergency, natural emergency, lost child, serious breach of rules, etc.). Know who is first aid trained, where the first aid kit is, and the learning trip cell phone number (080-6497-8685) to contact the teachers.
